

POPE LEO IS TIRED

DYING PONTIFF WAS UNREFRESHED THIS MORNING.

His Condition at 9:30 a. m. Showed No Material Change, Though He Was Restless During the Night.

Question of Performing Another Operation to Extract Serum from the Pienra Considered.

POSTPONED BY THE DOCTORS

WHO FEARED THE RESULT ON THE PONTIFF'S VITALITY.

Fete Day of the Carmelite Madonna Not So Fateful as His Holiness Apprehended.

ROME, July 17.—(9:30 a. m.)—The following bulletin has just been issued by Pope Leo's physicians, Drs. Lapponi and Mazzoni: "His Holiness had, during the night, some hours of sleep, together with short periods of slight excitement. The level of the pleuric liquid is maintained without seriously troubling the Pontiff. The physical condition of the august patient presents no noteworthy change. His pulsation is 88, respiration 30 and temperature 36.5 centigrade." Pope Leo said this morning that he was "unrefreshed and tired."

ROME, July 17, 2:25 a. m.—The Pope's condition this morning is even less satisfactory than yesterday morning. Since midnight he suffered from much uneasiness and difficulty in breathing until relieved to some extent by an injection of caffeine.

A new crisis in the Pope's condition presented itself yesterday, when the doctors were confronted on the one hand with the apparently imperative necessity of another operation, and on the other hand, with the danger that such an operation in the patient's feeble condition might prove fatal.

This dilemma was canvassed by Dr. Lapponi and Dr. Mazzoni throughout the day. At their earlier conference there was some prospect that the operation might not occur and the doctors left the sick room without arriving at a definite determination as to when it would take place. They expressed the belief, however, that a delay until today would serve a useful purpose in permitting a larger extraction of serum in case the operation was undertaken.

Meantime the Pope continued in a state of great depression. Thanks to a fairly good afternoon's sleep the physicians were able to issue a bulletin at 7:25 p. m. showing that there had been no vital change in the normal progress of the disease, though the same serious rapidity of respiration as was noticed in the morning had again to be recorded. So painful had the latter become that one of those present in the sick room described the Pontiff as literally panting for his life's breath.

CONFERENCE WITH RAMPOLLA.

Later the Pope was sufficiently at ease to receive Cardinal Rampolla, and his Holiness conferred on him the enlarged authority made necessary by the present illness for the executive administration of papal affairs. It is understood that one result of this action probably will be the speedy appointment of a successor to Mgr. Volpi as secretary of the consistorial congregation.

The fete day of the Carmelite Madonna, on which the Pontiff had a premonition he would die, was not as fateful as feared. Early yesterday morning he awoke and immediately began reciting prayers to the Madonna, speaking with such fervor that his valet, Centra, hurried from an adjoining room. Pope Leo is the fete of the Carmelite Madonna.

Still later, with the same idea in mind, the Pope asked for his private secretary, Monsignor Marzolini, to have him say mass in the chapel next to his bed. With the exception of the two apartments, the Pope's quarters are empty.

The ceremony was a pathetically solemn event, and by the Pope's request those participating, besides Dr. Lapponi and Pio Centra, included a number of his trusted domestics, five sweepers and two porters.

LAST NIGHT'S BULLETIN.

At 7:25 o'clock last night the following bulletin was issued: "His Holiness's condition continues the same as this morning. During the day he had some hours of rest. Pulse, 88; respiration, 30; temperature, 36.5 centigrade."

When Dr. Mazzoni visited the Pontiff Thursday morning the latter said Wednesday night had been one of the worst he had experienced. He spoke of the oppression on his chest, the difficulty in breathing and the uncontrollable restlessness, giving him, in fact, no peace in any position. Dr. Lapponi said the Pope had been feeling very often during the night, taking frequent rest, and that he felt better, however, after the celebration of mass, as though the communion had calmed him.

LEO TRUSTS RAMPOLLA.

Reverent the Attacks on His Faithful Secretary of State.

ROME, July 16.—The tenacity of Pope Leo is most admirable, not only in his organism, but even in his feeling. The best example thereof, perhaps, is the continual proofs of confidence that his Holiness bestows on Cardinal Rampolla, who, after faithfully serving the Pope for sixteen years, is now the object of most bitter attacks, especially during the last period, because of the Francophile attitude of the papacy. The Pontiff seems to have an intuition that while he lies in the grave Cardinal Rampolla's adversaries are beginning to take advantage of his tottering power to pull down the idol which, until yesterday, they worshipped. So his Holiness leaves nothing unattempted to show the world up

Cardinal Rampolla Gratified. ROME, July 16.—A telegram has been forwarded to Cardinal Rampolla, informing him that on Sunday, July 12, prayers were offered in Protestant churches in the United States for the recovery of Pope Leo. The cardinal has replied with a letter from the secretaryship of state of his Holiness, saying the news was "most gratifying to the cardinal secretary of state, my master. His Eminence hopes that the Holy Father's health will allow him, when the opportune moment comes, to inform his Holiness of the contents of the telegram. His very great desire always felt by his Holiness for the reunion of the dissident churches will certainly render this demonstration of the interest of the American Protestant churches most acceptable."

Cardinal Gibbons at Havre. ROME, July 15.—Cardinal Gibbons arrived here to-day from the United States. He will spend the night here and proceed tomorrow to Paris, where he will remain pending the announcement of the Pope's death, whereupon he will go to Rome.

Dr. Lapponi's Son in Trouble. PARIS, July 17.—The Dix Neuvieme Siecle's correspondent at Rome says that Dr. Lapponi's son, who spread reports favorable to Cardinal Rampolla, has been expelled from the Vatican by orders of Cardinal Gregorio.

BRITAIN WANTS TO KNOW

ASKS UNCLE SAM WHY ISLANDS OFF BORNEO WERE TAKEN.

Alleged to Have Been Conceded to a British Company by the Sultan of Sulu in 1881.

LONDON, July 17.—According to the Daily Chronicle, the action of America in annexing the islands off Borneo raises an exceedingly delicate situation, and the British Foreign Office has asked Washington for an explanation. The islands concerned, says the paper, are a group of seven which originally belonged to the Sultan of Sulu, from whom they passed by a charter in 1881 to the control of the British North Borneo Company, whose officers confirm that they are undoubtedly British territory.

The American side of the question, as given by the United States embassy, says the Daily Chronicle, is that the islands are undoubtedly American by right of conquest, having belonged to the Philippines, and the Sultan of Sulu having confirmed and acknowledged American sovereignty over them. The islands had never been occupied by any European nation, and it is claimed that the islands were discovered by a trading treaty which existed between the Borneo company and the inhabitants of the islands.

ALL BUT ONE RATIFIED

THREE TREATIES DISPOSED OF BY THE CUBAN SENATE.

Action on the Platt Amendment Treaty Likely to Be Taken Before Congress Adjourns Saturday.

HAVANA, July 16.—The Senate today ratified all the treaties with the United States, except the Platt Amendment treaty. The treaties ratified were the one signed on Feb. 16, granting the United States sites at Guantanamo and Bahai Honda for naval and coaling stations; the agreement leasing the areas of the stations which was signed on July 2 and also the treaty conceding to Cuba sovereignty over the Isle of Pines.

The foreign relations committee has not yet prepared its report on the permanent treaty, but doubtless will do so before the adjournment of the present session of Congress, which will occur next Saturday. It is of no consequence to United States interests whether the latter treaty is ratified. The fact of securing the naval station completes all that the United States has been desirous of obtaining. The Isle of Pines treaty and the permanent treaty were both carried out on the initiative of Cuba.

ALL WANT A FIXED RATIO

BUT MAY NOT APPROVE THE UNITED STATES-MEXICAN PLAN.

Conference of International Exchange Commissioners at Berlin—Attitude of Britain and France.

BERLIN, July 15.—The American and Mexican International Silver Exchange Commissions met the representatives of the German government for their first conference at the Reichsbank building to-day. The conference lasted an hour and was then adjourned until Saturday. Germany's representatives recognize the desirability of fixing the ratio of exchange between silver and gold countries, but regard the scheme in that direction merely as a pious wish.

From a trustworthy German source it is learned that the British and French governments flatly refused to obligate themselves to the purchase of a fixed amount of silver yearly for Indian and Colonial coinage. This is one of the commission's proposals which is intended to stabilize the ratio between silver and gold. Germany's delegates recognize that absolutely nothing is possible without the co-operation of Great Britain and France, and it is not believed here that the commission's work will lead to the calling of an international conference.

Baron von Rheinbaben, the Prussian finance minister, has invited the commission to dinner on Friday and United States Charge d'Affaires Dodge has extended a dinner invitation for Monday.

Voting Machine Company Fails.

NEW YORK, July 15.—Schedules in bankruptcy have been filed by the Bardwell Voting Machine Company, a corporation formed to manufacture voting machines. The liabilities were placed at \$42,300; assets unknown, but estimated at \$10,000. The company was organized in 1901, and the voting machines of the latter are in the town hall of Northampton, Mass.

WORK FOR CONGRESS

PRESIDENT WILL URGE REMEDIAL FINANCIAL LEGISLATION.

Hopes the Extra Session, Which Will Convene Nov. 9, Will Take Early Action on the Matter.

TALK WITH SENATOR LODGE

WHO SPENT ALL THURSDAY AT THE ROOSEVELT HOME.

Proposed Legislation Will Be Along the Lines of the President's Speeches and Messages.

OYSTER BAY, N. Y., July 15.—President Roosevelt to-day expressed to Senator Lodge, of Massachusetts, his desire that early action on financial legislation of remedial nature should be taken by Congress along the lines of his recent messages and speeches. Indeed it can be said he hopes that action will be begun at the next extra session of Congress, which he will call on Monday, Nov. 9.

Senator Lodge arrived this morning and passed the day with the President at Sagamore Hill. He is a member of the Alaskan boundary commission, which is to begin its sessions in London early in September. Before sailing for England to-morrow on the steamer Cedric, he came to Oyster Bay to confer with the President among other things on the work of the commission. He left this evening for New York.

Before his departure Senator Lodge gave out a statement concerning his conference with the President. In this statement the President's hopes regarding the financial legislation are reflected. "We discussed," said Senator Lodge, "a variety of topics, including the work of the Alaskan boundary commission, which is to begin in London early in September."

"Yes," the senator continued in response to an inquiry whether he had discussed with President Roosevelt the proposed extra session of Congress, "we considered it at some length. You know, of course, that an extra session is to be called to meet on Monday, Nov. 9, immediately following the fall elections. The session will be called primarily for the purpose of enacting legislation approving the Cuban treaty, which was ratified by the Senate last spring. The President hopes, however, as I do, that we shall be able to take up for early consideration the work of the subject in the extra session.
